(1) Operation and Maintenance Account. There is hereby established and there shall be maintained a separate account to be designated the OPERATION AND MAINTENANCE ACCOUNT (the “Operation and Maintenance Account”). Revenues shall be transferred each quarter of the Fiscal Year, commencing upon the effective date of this Ordinance, from the Receiving Account to the Operation and Maintenance Account to pay the reasonable and necessary current expenses of administration and operating and maintaining the System for the ensuing quarter.

(2) Water Supply System Bond and Interest Redemption Account. There is hereby established and there shall be maintained a separate deposit account to be held by the Depository Bank and designated as the WATER SUPPLY SYSTEM BOND AND INTEREST REDEMPTION ACCOUNT (the “Bond and Interest Redemption Account”). After the transfer required in (1) above, Revenues shall be transferred each quarter of the Fiscal Year from the Receiving Account, before any other expenditures or transfer therefrom, and deposited in the Bond and Interest Redemption Account for payment of principal of and interest on the Series 2020 Bond and to fund the Bond Reserve Account, in the amounts and at the times specified below.

Upon any delivery of an installment of the Series 2020 Bond, there shall be set aside at the time of delivery and on the first day of each quarter of the Fiscal Year thereafter to the next interest payment date an amount equal to that fraction of the amount of interest due on the next interest payment date on said installment so delivered, the numerator of which is 1 and the denominator of which is the number of full and partial Fiscal Year quarters from the date of said delivery to the next interest payment date. There also shall be set aside on the first day of each Fiscal Year quarter after the delivery of the first principal installment an amount not less than 1/2 of the amount of interest due on the next interest payment date on all outstanding installments of the Series 2020 Bond not delivered during the then current interest payment period.

Commencing with the Fiscal Year quarter beginning on July 1, 2020, there shall be set aside on the first day of each Fiscal Year quarter an amount not less than 1/4 of the amount of principal due on the Series 2020 Bond on the next principal payment date. Except as hereinafter provided, no further deposits shall be made into the Bond and Interest Redemption Account (excluding the Bond Reserve Account) for the Series 2020 Bond once the aforesaid sums have been deposited therein. Any amount on deposit in the Bond and Interest Redemption Account (excluding the Bond Reserve Account) in excess of (a) the amount needed for payment of principal installments of the Series 2020 Bond for the then current principal payment period, plus (b) interest on the Series 2020 Bond for the then current interest payment period, shall be used by the Issuer for redemption of principal installments of the Series 2020 Bond or, in the alternative, shall be deposited in or credited to the Receiving Account.

If for any reason there is a failure to make such quarterly deposit in the amounts required, then the entire amount of the deficiency shall be set aside and deposited in the Bond and Interest

Redemption Account out of the Revenues first received thereafter which are not required by this Ordinance to be deposited in the Operation and Maintenance Account or the Bond and Interest Redemption Account, which amount shall be in addition to the regular quarterly deposit required during such succeeding quarter or quarters.

There is hereby recognized in the Bond and Interest Redemption Account a separate account designated as the BOND RESERVE ACCOUNT (the "Bond Reserve Account"). Commencing with the Fiscal Year quarter beginning on July 1, 2020, there shall be withdrawn from the Receiving Account on the first day of each Fiscal Year quarter and set aside in and transferred to the Bond Reserve Account, after provision has been made for the Operation and Maintenance Account and the current requirements of the Bond and Interest Redemption Account, the sum of at least \$3,250 per quarter (\$13,000 annually) until there is accumulated in such account the lesser of the sum of \$130,000 or the Reserve Amount for the Series 2020 Bond; provided, that in the event the Series 2020 Bond is issued on or before July 1, 2020, the sum of at least \$2,625 per quarter (\$10,500 annually) shall be set aside in and transferred to the Bond Reserve Account in accordance with this paragraph until there is accumulated in such account the lesser of the sum of \$105,000 or the Reserve Amount for the Series 2020 Bond.

Except as hereinafter provided, no further deposits shall be made into the Bond Reserve Account pursuant to the requirements of this Ordinance once the lesser of the sum of \$130,000 or \$105,000, as applicable, or the Reserve Amount for the Series 2020 Bond has been deposited therein. The moneys in the Bond Reserve Account shall be used solely for the payment of the principal installments of and interest on the Series 2020 Bond as to which there would otherwise be default; provided, however, that in the event the amount on deposit in the Bond Reserve Account exceeds the amount then required to be on deposit therein pursuant to the requirements of this Ordinance, the moneys in excess of such requirements shall be used to pay principal installments of and interest on the Series 2020 Bond on the next payment date.

If at any time it shall be necessary to use moneys in the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the Net Revenues first received thereafter which are not required by this Ordinance to be deposited to the Operation and Maintenance Account or to the Bond and Interest Redemption Account for current principal and interest requirements for the Series 2020 Bond.

No further payments need be made into the Bond and Interest Redemption Account for the Series 2020 Bond after enough of the principal installments of the Series 2020 Bond have been retired so that the amount then held in the Bond and Interest Redemption Account (including the Bond Reserve Account) is equal to the entire amount of principal and interest which will be payable at the time of maturity of all the principal installments of the Series 2020 Bond then remaining outstanding.

The moneys in the Bond and Interest Redemption Account and the Bond Reserve Account shall be invested in accordance with Section 13 of this Ordinance, and profit realized or income earned on such investment shall be used or transferred as provided in Section 13 of this Ordinance.

(3) Repair, Replacement and Improvement Account. There is hereby established and there shall be maintained a separate account designated REPAIR, REPLACEMENT AND

IMPROVEMENT ACCOUNT (the “RRI Account”). After the transfers required in (1) and (2) above, and so long as any principal installments of the Series 2020, Revenues may be transferred from the Receiving Account and deposited in the RRI Account and used and disbursed only for the purpose of paying the cost of (a) repairing any damage to and emergency maintenance of the System, (b) repairing or replacing obsolete, deteriorating, deteriorated or worn out portions of the System, (c) acquiring and constructing extensions and improvements to the System and (d) when necessary, for the purpose of making payment of principal and interest on the Series 2020 Bond. If the amount in the Bond and Interest Redemption Account and the Bond Reserve Account is not sufficient to pay the principal of and interest on the Series 2020 Bond when due, the moneys in the RRI Account shall be transferred to the Bond and Interest Redemption Account and used for that purpose. Moneys in the RRI Account may be invested in accordance with Section 13 of this Ordinance.

(4) General Obligation Debt Account. After the transfers required in (1) and (2) above, and any transfers made pursuant to (3) above, Revenues may be transferred from the Receiving Fund to a General Obligation Debt Account established by the Issuer (the “G.O. Account”) and utilized by the Issuer to pay debt service on presently existing or future general obligation bond issues of the Issuer or general obligations or contractual obligations of the Issuer incurred or to be incurred for System purposes.

(5) Reverse Flow of Funds; Surplus Money. In the event the moneys in the Receiving Account are insufficient to provide for the current requirements of the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) or the RRI Account, any moneys and/or securities in the accounts of the System described by this Ordinance shall be transferred, first, to the Operation and Maintenance Account, second, to the Bond and Interest Redemption Account, and third, to the RRI Account.

All moneys remaining in the Receiving Account at the end of any Fiscal Year after satisfying the above requirements for the deposit of moneys into the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) and the RRI Account may be transferred to the Bond and Interest Redemption Account and used to call the Series 2020 Bond or portions thereof for redemption, or at the option of the Issuer, transferred to the G.O. Account or the RRI Account and used for the purpose for which such accounts were established; provided, however, that if there should be a deficit in the Operation and Maintenance Account, the Bond and Interest Redemption Account (including the Bond Reserve Account) or the RRI Account, on account of defaults in setting aside therein the amounts hereinbefore required, then transfers shall be made from such moneys remaining in the Receiving Account to such accounts in the priority and order named in this Section, to the extent of such deficits.

Section 13. Investments. Moneys in the funds and accounts established herein and moneys derived from the proceeds of sale of the Series 2020 Bond may be invested by the Issuer in the obligations and instruments permitted for investment by Section 24 of Act 94, as the same may be amended from time to time; provided, however, that as long as the Series 2020 Bond is held by the Government, then the investment may be limited to the obligations and instruments authorized by the Government. Investment of moneys in the Bond and Interest Redemption Account being accumulated for payment on the next maturing principal or

interest payment on the Series 2020 Bond shall be limited to obligations and instruments bearing maturity dates prior to the date of the next maturing principal or interest payment on the Series 2020 Bond. Investment of moneys in the Bond Reserve Account shall be limited to direct obligations of the United States of America or obligations the timely payment of which are fully guaranteed by the United States of America and bearing maturity dates or subject to redemption, at the option of the holder thereof, not later than five (5) years from the date of the investment. In the event investments are made, any securities representing the same shall be kept on deposit with the Depository Bank. Interest income earned on investment of funds in the Receiving Account, the Operation and Maintenance Account and the Bond and Interest Redemption Account (except the Bond Reserve Account) shall be deposited in or credited to the Receiving Account. Interest income earned on the investment of funds in the Bond Reserve Account shall be deposited in the Bond and Interest Redemption Account.

Section 14. Rates and Charges. Rates and charges for the services of the System have been established by the Issuer in an amount sufficient to pay the costs of operating, maintaining and administering the System, to pay the principal of and interest on the Series 2020 Bond and to meet the requirements for repair, replacement, reconstruction and improvement of the System and all other requirements provided herein, and otherwise comply with the covenants herein provided. The Issuer hereby covenants and agrees to fix and maintain at all times while the Series 2020 Bond shall be outstanding such rates for service furnished by the System as shall be sufficient to provide for the foregoing expenses, requirements and covenants, and to create a Bond and Interest Redemption Account (including a Bond Reserve Account) for the Series 2020 Bond. The rates and charges for all services and facilities rendered by the System shall be reasonable and just, taking into consideration the cost and value of the System and the cost of maintaining, repairing, and operating the same and the amounts necessary for the retirement of the Series 2020 Bond, and accruing interest on the Series 2020 Bond, and there shall be charged such rates and charges as shall be adequate to meet the requirements of this Section and Section 12 of this Ordinance.

Section 15. No Free Service. No free service shall be furnished by the System to any individual, firm or corporation, public or private or to any public agency or instrumentality.

Section 16. Covenants. The Issuer covenants and agrees, so long as the Series 2020 Bond herein authorized remain unpaid, as follows:

(a) It will comply with applicable laws and regulations of the State of Michigan and continually operate and maintain the System in good condition.

(b) (i) It will maintain complete books and records relating to the operation and financial affairs of the System. If the Government is the holder of the Series 2020 Bond, the Government shall have the right to inspect the System and the records, accounts, and data relating thereto at all reasonable times.

(ii) It will cause an annual audit of such books of record and account for the preceding Fiscal Year to be made each year by a recognized independent certified public accountant, and will cause such accountant to mail a copy of such audit to the Government,

without request of the Government. Such audit shall be completed and so made available not later than one hundred eighty (180) days after the close of each Fiscal Year.

(c) It will maintain and carry, for the benefit of the holder of the Series 2020 Bond, insurance on all physical properties of the System, of the kinds and in the amounts normally carried by municipalities engaged in the operation of similar systems. The amount of said insurance shall be acceptable to the Government. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of calling principal installments of the Series 2020 Bond.

(d) It will not borrow any money from any source or enter into any contract or agreement or otherwise incur any other liabilities in connection with the System that may in any way be a lien upon the Revenues, without obtaining the prior written consent of the Government, nor shall it transfer or use any portion of the Revenues derived in the operation of the System for any purpose not herein specifically authorized.

(e) It will not voluntarily dispose of or transfer its title to the System or any part thereof, including lands and interest in land, sale, mortgage, lease or other encumbrances, without obtaining the prior written consent of the Government.

(f) Any extensions to or improvements of the System shall be made according to sound engineering principles, and plans and specifications shall be submitted to the Government for prior review.

Section 17. Additional Bonds. The Issuer may issue additional bonds payable from the Net Revenues of the System and secured by a statutory first lien on the Net Revenues (the "Additional Bonds"), which shall be of equal standing and priority of lien as to the Net Revenues with the Series 2020 Bond and any Additional Bonds then outstanding, for the following purposes and on the following conditions:

(a) To complete construction of the Project according to the plans referred to in Section 2 of this Ordinance, Additional Bonds may be issued in the amount necessary therefor; or

(b) For the purpose of making extensions, enlargements or improvements to the System or refunding in whole or in part the Series 2020 Bond or any Additional Bonds then outstanding if:

(i) The augmented net revenues (hereinafter defined) of the System for the Fiscal Year preceding the year in which such Additional Bonds are to be issued were equal to at least one hundred percent (100%) of the average annual debt service requirements on the Series 2020 Bond and any Additional Bonds then outstanding and the Additional Bonds proposed to be issued, net of any bonds to be refunded by the Additional Bonds proposed to be issued; or

(ii) The holders representing not less than seventy-five percent (75%) of the aggregate principal amount of the Series 2020 Bond and the Additional Bonds then outstanding consent to such issue in writing.

For purposes of this Section, the term “augmented net revenues” shall mean the Net Revenues of the System for a year, adjusted to reflect the effect of any rate increase placed in effect during that year (but not in effect for the whole year), placed in effect subsequent to the year or scheduled, at the time the Additional Bonds are authorized, to be placed in effect before principal of and interest on the Additional Bonds become payable from Revenues of the System, and augmented by any increase in Revenues or decrease in expenses estimated to accrue from the improvements to be acquired from the Additional Bonds. The adjustments and augmentations provided for in the preceding sentence shall be established by certificate of an independent consulting engineer filed with the Clerk of the Issuer. If Additional Bonds are issued within 4 months of the end of a Fiscal Year, the determination made in subsection (b)(i) of this Section may be based upon the results of a Fiscal Year ending within 16 months of the date of issuance of the Additional Bonds.

The funds herein established shall be applied to all Additional Bonds issued pursuant to this Section as if said bonds were part of the original bond issue and all Revenues from any such extension, enlargement, improvement or replacement constructed by the proceeds of any Additional Bonds shall be paid to the Receiving Account established pursuant to this Ordinance.

Except for the issuance of Additional Bonds as provided in this Section 17, so long as the Series 2020 Bond herein authorized is outstanding, no bonds or other obligations pledging any portion of the Revenues of the System shall be incurred or issued by the Issuer unless the same shall be junior and subordinate in all respects to the Series 2020 Bond herein authorized. The Issuer reserves the right to issue, without limit, bonds of junior and subordinate standing and priority of lien as to the Net Revenues with the Series 2020 Bond and any Additional Bonds then outstanding.

Section 18. Ordinance Shall Constitute Contract. The provisions of this Ordinance shall constitute a contract between the Issuer and the holder of the Series 2020 Bond and after the issuance of the Series 2020 Bond this Ordinance shall not be repealed or amended in any respect which will adversely affect the rights and interests of the holder of the Series 2020 Bond without the consent of such holder, nor, except as specifically provided herein, shall the Issuer adopt any law, ordinance or resolution in any way adversely affecting the rights of the holder so long as the Series 2020 Bond or interest thereon remains unpaid.

Section 19. Refunding of Series 2020 Bond. If at any time it shall appear to the Government that the Issuer is able to refund upon call for redemption or with consent of the Government the then outstanding Series 2020 Bond by obtaining a loan for such purposes from responsible cooperative or private credit sources at reasonable rates and terms for loans for similar purposes and periods of time, the Issuer will, upon request of the Government, apply for and accept such loan in sufficient amount to repay the Government, and will take all such actions as may be required in connection with such loans.

Section 20. Default of Issuer. The holder of the Series 2020 Bond may, by proper suit, action, mandamus or other proceeding, protect and enforce the statutory lien upon the Net Revenues of the System, and may, by proper suit, action, mandamus or other proceeding, enforce and compel performance of all duties of the officers of the Issuer, including the fixing of sufficient rates, the collection of Revenues, the proper segregation of the Revenues of the System and the

proper application thereof. The statutory lien upon the Net Revenues, however, shall not be construed as to compel the sale of the System or any part thereof. If there shall be any default in the payment of the principal of or interest on the Series 2020 Bond, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the System on behalf of the Issuer, under the direction of the court, and by and with the approval of the court, to perform the duties of the officers of the Issuer more particularly set forth herein and in Act 94.

The Issuer hereby agrees to transfer to any bona fide receiver or other subsequent operator of the System, pursuant to any valid court order in a proceeding brought to enforce collection or payment of the Issuer's obligations, all contracts and other rights of the Issuer, conditionally, for such time only as such receiver or operator shall operate by authority of the court.

Section 21. Ordinance Subject to Michigan Law and Government Regulations. The provisions of this Ordinance are subject to the laws of the State of Michigan and to the present and future regulations of the Government not inconsistent with the express provisions hereof and Michigan law.

Section 22. Fiscal Year of System. The fiscal year for operating the System shall be the Fiscal Year.

Section 23. Issuer Subject to Loan Resolution. So long as the Government is holder of the Series 2020 Bond, the Issuer shall be subject to the loan resolution (RUS Bulletin 1780-27) and shall comply with all provisions thereof.

Section 24. Covenant Not to Defeas. So long as the Government is the holder of the Series 2020 Bond, the Issuer covenants that it will not defeas the Series 2020 Bond or any portion thereof.

Section 25. Certain Determinations. The Mayor, City Manager and the Clerk of the Issuer are each hereby individually authorized to adjust the final bond details set forth herein to the extent necessary or convenient to complete the transactions authorized herein, and in pursuance of the foregoing each is authorized to exercise the authority and make the determinations authorized pursuant to Section 7a(1)(c) of Act 94, including, but not limited to, determinations regarding interest rates, prices, discounts, maturities, principal amounts, denominations, dates of issuance, interest payment dates, redemption rights, the place of delivery and payment, and other matters necessary to effectuate the sale and issuance of the Series 2020 Bond authorized hereby, all within the parameters established by this Ordinance. The Mayor and the Clerk are each hereby authorized to confirm the final terms and details of the Series 2020 Bond by execution of the Series 2020 Bond.

Section 26. Negotiated Sale to the Government. The Issuer has considered the option of selling the Series 2020 Bond through a competitive sale and a negotiated sale and determines to sell the Series 2020 Bond to the Government in a negotiated sale in order to obtain interest rates and other terms not generally available from conventional municipal bond market sources and for the opportunities provided by a negotiated sale to the Government to select and adjust the terms of the Series 2020 Bond, including the prepayment of the principal of the Series 2020 Bond at any time without premium.

The Mayor, City Manager and the Clerk of the Issuer are each hereby authorized and directed to negotiate the sale of the Series 2020 Bond to the Government at an interest rate not to exceed three and one-eighth percent (3.125%) per annum. The sale of the Series 2020 Bond to the Government at an interest rate of not to exceed three and one-eighth percent (3.125%) per annum and at the par value thereof is hereby approved. The Treasurer of the Issuer is hereby authorized to deliver the Series 2020 Bond in accordance with the delivery instructions of the Government.

Section 27. Authorization of Other Actions. The Mayor, Clerk, Treasurer, City Manager and Finance Director of the Issuer are each authorized and directed to execute and deliver all other agreements, documents and certificates and to take all other actions necessary to complete the issuance and delivery of the Series 2020 Bond in accordance with this Ordinance.

Section 28. Conflict and Severability. All ordinances, resolutions and orders or parts thereof in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed, and each section of this Ordinance and each subdivision of any section hereof is hereby declared to be independent, and the finding or holding of any section or subdivision thereof to be invalid or void shall not be deemed or held to affect the validity of any other section or subdivision of this Ordinance.

Section 29. Paragraph Headings. The paragraph headings in this Ordinance are furnished for convenience of reference only and shall not be considered to be a part of this Ordinance.

Section 30. Publication and Recordation. This Ordinance shall be published in full in a newspaper of general circulation in the Issuer qualified under State law to publish legal notices promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Issuer and such recording authenticated by the signatures of the Mayor and the Clerk.
